Independent Auditor's Report

To the Board of Directors and Member of
Vision Loss Rehabilitation Canada

Opinion

We have audited the financial statements of Vision Loss Rehabilitation Canada ("VLRC"), which comprise the statement of financial position as at March 31, 2022, and the statements of operations and changes in net assets and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of VLRC as at March 31, 2022, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of VLRC in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matter

The financial statements of VLRC as at and for the year ended March 31, 2021 were audited by another auditor who expressed an unmodified opinion on those statements on June 24, 2021.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing VLRC's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate VLRC or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing VLRC's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VLRC's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on VLRC's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause VLRC to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Cash, beginning of year	5,000	1,742
Cash, end of year	$ 4,213	$ 5,000

See accompanying notes to the financial statements

1. Purpose of the organization:

Vision Loss Rehabilitation Canada ("VLRC") was incorporated on May 10, 2017, under the *Canada Not-for-profit Corporations Act* by issuing a Certificate of Incorporation by the federal government through Corporations Canada and commenced operations on April 1, 2018.

VLRC is the leading national provider of rehabilitation services for people who are blind or who have experienced a significant vision loss.

The mission of VLRC is to provide high-quality, integrated and accessible rehabilitation and health care services that enable Canadians impacted by vision loss to live the lives they choose.

VLRC is a registered charity under the *Income Tax Act (Canada)* and is exempt from income taxes, provided certain requirements of the *Income Tax Act (Canada)* are met.

2. Significant accounting policies:

These financial statements have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations.

(a) Revenue recognition:

VLRC follows the deferral method of accounting for contributions, which include government support.

Externally restricted contributions are recognized as revenue in the year in which the related expenses are incurred.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Revenue from fees for service and sale of consumer products and assistive technology is recognized when the services are provided or the goods are sold.

(b) Financial instruments:

Financial instruments are recorded at fair value on initial recognition and are subsequently measured at cost or amortized cost, net of any provisions for impairment. VLRC has not elected to carry financial instruments at fair value.

(c) Capital assets

Purchased capital assets are recorded at cost less accumulated amortization. Assets are amortized over the useful life of the assets. If a capital asset no longer contributes to VLRC's ability to provide services, its carrying amount is written down to its fair value or replacement cost and an impairment is recognized as an expense in the statement of operations and changes in net assets.

Capital assets are amortized on a straight-line basis using the following annual rates.

Equipment	4 years

(d) Employee future benefits:

Canadian National Institute for the Blind ("CNIB") administers the Pension Plan for Employees of VLRC under a Pension Participation Agreement. The plan has a defined benefit provision and a defined contribution provision. Employees with greater than three months of service are eligible to join the defined contribution provision, while the defined benefit provision was closed to new entrants effective June 2010. The benefits of the defined benefit provision are based on years of service, years of contributions and final average earnings. The defined benefit provision includes the basic plan and excess benefits plans. VLRC does not provide any non-pension, post-retirement benefits.

VLRC uses the immediate recognition approach to account for its defined benefit provision. VLRC accrues its obligations under the defined benefit provision as employees render the services necessary to earn the pension benefits.

The actuarial determination of the accrued benefit obligations for pensions uses the projected benefit method prorated on service (which incorporates management's best estimate of future salary levels, other cost escalation, retirement ages of employees and other actuarial factors).

The most recent actuarial valuation of the benefit provision for funding purposes was as of May 1, 2021, and the next required valuation will be May 1, 2024. The accrued benefit obligation is determined using a roll-forward technique to estimate the accrued benefit provision from the most recent actuarial valuation.

Actuarial gains (losses) on plan assets arise from the difference between the actual return on plan assets for a period and the expected return on plan assets for that period. For the purpose of calculating the expected return on defined benefit provision assets, the assets are valued at fair value. Actuarial gains (losses) on the accrued benefit obligation arise from differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit obligation.

(in thousands of dollars except as noted)

The cost of the defined contribution portion is based on a percentage of the employee's pensionable earnings.

(e) Allocation of expenses:

VLRC classifies expenses on the statement of operations and changes in net assets by function. General support expenses are allocated based on funding agreements.

(f) Use of estimates:

The preparation of financial statements in accordance with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include accrued liabilities and obligations related to employee future benefits. Actual results could differ from these estimates.

3. Capital assets:

	Cost	Accumulated amortization	2022 Net book value	2021 Net book value
Equipment	$ 166	$ 45	$ 121	$ 163
Total	$ 166	$ 45	$ 121	$ 163

4. Accrued pension asset (liability):

The accrued pension asset (liability) represents the fair value of the defined benefit provision assets in excess of the fair value of plan assets.

	2022	2021
Accrued pension obligation	$ 5,190	$ 3,871
Fair value of plan assets	4,571	3,924
Accrued benefit asset (liability)	$ (619)	$ 53

(in thousands of dollars except as noted)

Plan assets consist of investments in pooled funds.

The change in the accrued benefit asset (liability) during the year is as follows:

		2022		2021
Balance, beginning of year	$	53	$	15
Employer contributions		1,038		926
Remeasurements recorded in the statement of operations and changes in net assets		(791)		55
Defined benefit provision expense for the current year was as follows:				
Current service cost		(919)		(943)
Net pension plan expense		(919)		(943)
Balance, end of year	$	(619)	$	53

The significant actuarial assumptions adopted in measuring the accrued pension asset (liability) are as follows:

	2022	2021
Accrued benefit obligation:		
Discount rate	5.55%	5.67%
Rate of compensation increase	2.25%	2.25%
Benefit costs:		
Discount rate	5.67%	5.67%
Rate of compensation increase	2.25%	2.25%

VLRC's defined contribution provision expense for the current year was $348 (2021 - $308).

5. Deferred contributions - expenses of future periods:

Deferred contributions are related to the funding of expenses of future periods and represent unspent, externally restricted contributions.

(in thousands of dollars except as noted)

Changes in the deferred contributions – expenses of future periods balance are as follows:

	2022	2021
Balance, beginning of year	$ 2,532	$ 1,427
Add: Amount received in the year	484	1,199
Less: Amount recognized as revenue in the year	(137)	(94)
Total changes in the year	347	1,105
Balance, end of year	$ 2,879	$ 2,532

6. Deferred contributions – capital assets:

Deferred contributions related to capital assets represent the unamortized amount of restricted contributions received for the purchase of capital assets.

Changes in the deferred contributions – capital assets balance are as follows:

	2022	2021
Balance, beginning of year	$ 163	$ -
Add: Amount received during the year	-	166
Less: Amount recognized during the year	(42)	(3)
Total changes in the year	(42)	163
Balance, end of year	$ 121	$ 163

7. Related party transactions:

A summary of the related party transactions and balances is as follows:

	2022	2021
(a) Transactions with CNIB:		
Revenue:		
Contributions from CNIB	$ 500	$ 342
Fee for services rendered on behalf of CNIB	-	1,010
Total revenue	$ 500	$1,352
Expenses:		
Purchased services	1,830	2,036
Support services	2,708	3,042
Services rendered on behalf of CNIB	503	1,385
(b) Due to related parties at fiscal year-end:	$ (640)	$(1,627)

(in thousands of dollars except as noted)

All intercompany transactions are withinthe normal course of operations and measured at the exchange amount in accordance with an agreement effective April 1, 2018, between CNIB, Deafblind Community Services (“DBCS”) and VLRC, whereby CNIB, as the sole member of VLRC, agreed to provide certain services to VLRC.

Contributions from CNIB and fee for services rendered on behalf of CNIB are shown as revenue in the statement of operations and changes in net assets; purchased and support services, and services rendered on behalf of CNIB, are included in all expense categories in the statement of operations and changes in net assets.

8. Allocation of expenses:

General support expenses have been allocated as follows:

	2022	2021
Rehabilitation Service	$ 352	$ 621
Children and Families	22	31
Career Development	34	3
Eye Van	11	17
Total	$ 419	$ 672

9. Change in non-cash working capital:

The change in non-cash working capital related to operations consists of the following

	2022	2021
Decrease (increase) in accounts receivable	$ 20	$ (845)
Increase in prepaid expenses	(285)	(29)
Increase (decrease) in accounts payable and accrued liabilities	(351)	796
Increase (decrease) in due from/to related organization	(987)	2,061
Increase in deferred contributions related to expenses of future periods	347	1,105
Total	$ (1,256)	$ 3,088

10. Credit facility:

VLRC has a credit facility available to fund operations and capital expenditures, totalling $750 that bears interest at the bank’s prime rate plus 0.25%. This amount is due upon demand and is secured by a general security agreement covering all assets. No amounts were drawn on the credit facility at year-end (2021 - $nil).

(in thousands of dollars except as noted)

11. Commitments and contingencies:

VLRC has commitments with respect to operating leases for premises and vehicles. The minimum annual commitment under these leases is approximately as follows:

2023	$ 1,637
2024	1,072
2025	878
2026	560
2027	526
Thereafter	1,078
Total	$ 5,751

12. Comparative figures:

Certain comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.
